HELPS SOOTHE IRRITATION + SETTLE BLOATING.

DOSAGE

The recommended dose for adults is 1-2 capsules per day. For children, 1 capsule per day or as directed. Each bottle contains 45 capsules.

UNDERSTANDING THE BASICS

Promotes growth of desirable bacteria and suppresses harmful bacteria.

Promotes a healthy, non-inflamed gut environment and gut barrier function.

Supports the health of the gut-based immune and nervous system.

HUMANATURE's® GET MY GUTS SORTED is specifically formulated to help re-balance the gut flora, and heal gut-based imbalances that affect the immune and nervous system. It acts as a Pre-biotic and natural anti-inflammatory using anti-oxidants and flavonoids to support the establishment and maintenance of a healthy gut flora, and promote non-inflamed gut walls with healthy barrier function.

GET MY GUTS SORTED does not supply live bacteria, like so many pro-biotics. Instead, HUMANATURE's® GET MY GUTS SORTED provides a high concentration of specifically selected plant nutrients that act on the cells in our intestinal walls and on the microbes present in our gut. Providing bacteria by themselves, like most pro-biotics, is often only a temporary solution as our gut flora constantly shifts depending on the nutrients we supply our gut bacteria with. Taking GET MY GUTS SORTED will lead to a general shift in the gut flora towards dominance of a healthy microflora.

Individuals that will benefit most include those digestive intolerances, gut inflammation and leakiness metabolic imbalances, weight problems, as well as brain, behaviour and psychological complaints which may often be caused by gut dysbioses.

ENZO - OUR CORE INGREDIENT

ENZOGENOL is an ultra-pure extract from the bark of Sustainable New Zealand Pine. Our most complete and concentrated brain food - used for centuries around the world and now shown in over 20 years of clinical trials to be revolutionary in the way it helps each brain and body to function the best it can. Packed with potent antioxidant and anti-inflammatory effects, provides benefits for a diverse range of health conditions.

With ENZOGENOL® at the core, HUMANATURE® have designed a range of Supercocktails that help change lives - from boosting energy and enhancing concentration to helping with gut issues, managing stress levels and supporting a healthy functional brain and nervous system.
